The threatened diphtheria epidemic in the Macon school caused Dr. Green, county health officer to deem it necessary to take swabs of the throats of the teachers and entire student body, which swabs were sent to the state Laboratory at Jackson. Thursday the report from there was received, marking Prof. Moore and five of the school children as carriers of the disease. The children who were found to be carriers were Joe Howze, Katherine Lever, Jim Creadle, Virginia Boggess and Sam Watts. All of those who were found to be such are under quarantine, and are undergoing treatment for riddance of the germ.

## Sunday Visitors to Cemetery

For the convenience of those who wish to visit the cemetery on Sunday, the Cemetery Association has discontinued the custom of locking the gate when the sexton is not on the grounds, but leaves it unfastened in order that cars may be driven in. This is done as an accommodation to the public, but some of the visitors are abusing it, and leave the gate wide open in passing, in this way giving access to stock that roams over the grounds at will, trampling the graves, and destroying the foliage and flowers.

Of course the ladies of the Association understand that this is not wilful on the part of any one, but just an oversight, and there will be this way to call attention to this, and ask that every one in passing close the gate behind them, and thus prevent the entrance of stock to the grounds.

COMMITTEE

Entertainment At Salem

Musical Entertainment and big Oyster Supper at Salem School House on Wednesday night November 29 1922 for benefit of Concord church. The public is cordially invited to attend.

Boxes for the Different Orphanages

The different churches of the town this week shipped well-filled boxes through their Missionary societies, to the orphanages of their respective churches, sending them on the special train that was run for this purpose. The Baptist church sent to their institution, a box valued at \$125, and the Methodist one whose valuation was close to three hundred dollars.

Sunday School Rally At Ex-Prairie

On last Sunday a very interesting program of music, recitations, talks and prayers in connection with the Sunday School lesson was given at Ex-Prairie church under the able leadership of Bro. Sly our efficient Sunday School Superintendent.

The Salem and Center Point communities were invited over for the day. The committee had arranged for the Brooksville Orchestra to come down and assist in the musical program, which was excellent, and added much to the pleasure of the day. They were invited by a unanimous vote to come again.

At the close it was voted to hold another such rally at Ex-Prairie in the Spring and to invite all neighboring Sunday Schools to take part. This is expected to lead to the establishment of an annual Sunday School rally some where in the district. The Ladies Aid and others prepared and served a most sumptuous dinner to the waiting crowd. May we have many more such gatherings.

M. A. BURNS, Pastor

Woman's Missionary Society

Tuesday, 2 p. m. at the church. The Adult and Young Peoples Missionary Society gave a most interesting joint program last Sunday night at the church, under the direction of Mrs. Searcy Adams on "Our French Mission Work on the Coast". At the close of which a free will offering was made for this work.

The new Air-O-Lite lamp was installed for this service which proved to be so satisfactory that a collection was taken to purchase two more of these lamps for the church.

Dr. Green Talks on Diphtheria

Dr. Green, County Health Officer, was in Macon Monday and met the parents at a call meeting, where he gave a clear and comprehensive talk on diphtheria, and the methods by which it can and should be controlled. A full gathering was present, both of those who have children in the school, and those whose children are under the school age. There have been no new cases of diphtheria to develop this week, and it is hoped that the further spread of the disease has been checked. No news of the swabs from the throats of the school children has been received, and until this is obtained, and positive knowledge of who among the children are carriers is obtained, the children cannot be safely mixed out as it is necessary for them to come under isolation and treatment to prevent further spread of the disease.

## LETTER FROM ANDREW GUMP

Note: We wrote Mr. Andrew Gump, the peoples candidate for Congress, a letter of congratulation on being elected, and his reply is given herewith, as are sure that many of his friends and admirers in Noxubee County will be glad to hear from this distinguished champion of the people.

WASHINGTON, D. C.  
November 17th, 1922

Horton Motor Car Company,  
Macon, Miss.,

Gentlemen:

I am just in receipt of yours of the 14th inst., congratulating me on my election for congress, for which I wish to thank you.

I notice from your letter-head that you are the local agent for the Baby Overland. It might interest you to learn that I canvassed my whole district while making the race for Congress in a Baby Overland, and to say that I am pleased with it would be putting it mildly indeed. As will be seen from my expense account filed with the Secretary of State, my total cost for repairs during the entire two years that I was the peoples candidate, amounted to exactly \$2.50. Min drove for me the whole time, and she is so pleased with the car, that I had to promise her that if I was elected that I would buy her a Baby Overland Sedan, and now that the people have spoken I guess I will have to live up to my promise.

Again thanking you for your nice letter, and with kindest regards from Min and myself, and congratulating you on being the agents for the best little car in the United States, I remain,

Cordially and sincerely yours,

AG Min
